SPECIALIST RISK MANAGEMENT ADVICE

AEGIS London LEISURE AND HOSPITALITY

In today's world, risks are constantly evolving. AEGIS London, as a Lloyd's syndicate and as part of a long-established mutual insurance business, is able to plan effectively and manage the challenges this presents, providing continuity and security to our clients.

We are one of over 50 businesses operating within the Lloyd's market, firms of highly experienced specialist underwriters who accept risk on behalf of a range of capital providers. Together, we form one of the world's largest commercial insurance and reinsurance brands.

The breadth and depth of specialist underwriting and broking expertise, brought together under one roof at Lloyd's, underlies why we are trusted to insure the world's newest, toughest and most complex risks.

Our business comes from all over the world, to London, because of Lloyd's. We are strong in certain areas because we invest in understanding them. We then take these strengths, for instance in the actuarial, engineering and catastrophe modelling disciplines, and exploit them pragmatically for the good of our clients.

We are also constantly looking for opportunities to bring a new, higher level of technical expertise to everything that we do.

The Lloyd's name may act as our calling card, but it is AEGIS London's growing reputation – our aspiration to be the best – that sticks in people's minds.

This reputation, of course, starts with our people. They forge and retain personal relationships with clients and teams are small so there is continuity of contact. This leads to an open culture, easy transfer of information, swift decision making and effective resolution of claims.

AEGIS London's Leisure and hospitality team has a very broad remit. We write policies for businesses that range from nightclubs to theme parks, zoos to spas – and a whole host in between. In effect, we will consider anything in the leisure and hospitality industry that can be insured.

Our experienced team is able to provide £10 million cover, not just for property and employer's liability coverage but also for public and product liability. As a result, we do virtually all of our business on a 100% basis.

Brokers are attracted to us because of our extensive experience and knowledge of the industry, our attention to detail and the fact that, with a few exceptions where minimum premiums may make it cost prohibitive, no risk is too small for us to consider.

Our relationship with brokers and clients, meanwhile, is built on a transfer of that

expertise between us. We are very open: we don't dictate that they have to do things in a certain way, believing more in a relationship of equals.

Our understanding of how theme park rides work informs our understanding of how a client operates in this sector. This is key in terms of safe operation and our ability to insure risk. Likewise, we need to keep up to date with the constantly evolving legislative environment and its impact on nightclub operators. This philosophy, the desire for constant learning, enables us to offer specialist risk management advice to clients across all sectors of the industry.
