

AEGIS Cyber Vendor Panel

Contact Us

To learn more about the AEGIS Cyber Vendor Panel and eRiskHub®, please contact:

Mark Henderson

Vice President, Casualty Underwriting
201.314.0704
MarkHenderson@aegislimited.com

The eRiskHub® portal is an effective way to help you combat cyber losses with minimal, controlled and predictable costs.

AEGIS supports Members' cybersecurity efforts through a network of approved cyber vendors and access to the eRiskHub®. Together, these resources provide valuable tools, expertise, and guidance to help organizations understand their cyber exposures, establish effective response plans, and strengthen their ability to prevent and recover from cyber incidents.

Approved Cyber Vendors

Ankura

incident@ankura.com

Ankura's Cybersecurity, Privacy, and AI Practice provides end-to-end solutions that help organizations prevent, respond to, and recover from cyber threats. Its global team delivers strategic guidance, incident response, and technical expertise to strengthen resilience and manage cyber, privacy, and AI risk.

Baker Hostetler

IncidentResponse@BakerLaw.com | 1.855.217.5204

BakerHostetler's Privacy and Data Security team provides guidance across the data life cycle, including incident response, privacy, governance, litigation, AI, and technology transactions. The team advises organizations on complex data, privacy, and cybersecurity challenges.

BlueVoyant

incident@bluevoyant.com

BlueVoyant's Incident Response team helps organizations investigate, contain, and recover from cyber incidents. Drawing on government and private-sector experience, the team provides digital forensics, threat hunting, ransomware response, breach investigations, malware analysis, and litigation support.

Constangy

AegisCyber@constangy.com | 877.382.2724

The Constangy Cyber Team provides cybersecurity and data privacy services spanning compliance, incident response, and litigation. The team helps organizations respond to ransomware, data breaches, and other cyber incidents while advising on privacy compliance, AI governance, and data breach litigation.

CrowdStrike

services@crowdstrike.com

CrowdStrike Services helps organizations strengthen cybersecurity through incident response, advisory services, technical assessments, product support, and training. The team helps clients improve cyber resilience, investigate incidents, and recover from breaches using threat intelligence and the CrowdStrike platform.

Dragos

ir@dragos.com | 410.618.0135

Dragos was founded by cybersecurity experts trusted across governments and industries to investigate and respond to history's most significant cyber attacks on industrial control systems. Dragos brings unmatched real-world experience to every challenge.

Experian

michael.morelli@experian.com | 714.227.2204

Experian Data Breach Resolution helps organizations prepare for and respond to data breaches through incident management, consumer notification, call center support, fraud resolution, and identity protection services.

IDX

todd.hindman@idexpertsCorp.com | 512.712.2270

IDX provides scalable data breach response services, including consumer notification, call center support, breach websites, and privacy and identity protection services to help organizations respond efficiently to data breach incidents.

Infinite Global

crisis@infiniteglobal.com

Infinite provides cyber communications and crisis management services that help organizations prepare for, respond to, and recover from cybersecurity incidents. The team supports clients with pre-breach risk assessment, incident communications, coordination with legal, insurance, and forensic partners, and post-incident reputational repair.

Kroll

CyberResponse@kroll.com | 877.300.6816

Kroll provides global risk management services, including cybersecurity, data breach response, investigations, due diligence, compliance, and information management. The firm helps organizations assess risk, strengthen security programs, and respond to cyber incidents across their operations and supply chains.

Mandiant

investigations@mandiant.com | 844.613.7588

Mandiant, now part of Google Cloud, provides incident response, threat intelligence, security consulting, and managed defense services to help organizations identify, defend against, and respond to cyber threats.

McDonald Hopkin LLC

IR@mcdonaldhopkins.com | 855.643.2821

McDonald Hopkins' Data Privacy and Cybersecurity team helps organizations prevent, respond to, and recover from cyber incidents while advising on privacy compliance, regulatory investigations, and data breach litigation.

Mullen Law

breachhotline@mullen.law | 844.855.1574

Mullen Coughlin LLC advises organizations on data privacy and cybersecurity through compliance, incident response, litigation, and regulatory defense. The firm also coordinates legal and breach response efforts during cyber incidents.

PaloAlto Unit 42

unit42-investigations@paloaltonetworks.com | 866.486.4842

Palo Alto Networks Unit 42® provides incident response, threat intelligence, and cybersecurity consulting services to help organizations assess risk, strengthen security programs, and respond quickly to cyber incidents.

About AEGIS

AEGIS (Associated Electric & Gas Insurance Services Limited) was created in 1975 as a mutual insurer by and for the utility industry. Today, it has hundreds of Member companies representing electric, natural gas and water utilities as well as other related energy companies. AEGIS Loss Control products and services are designed to help improve operations and reduce the long-term cost of risk for its Member companies.
